English speaking tips in tamil pdf

Keep up with the latest daily buzz with buzzfeed daily newsletter! Most English lessons boil down to the question of how to speak English. There are other goals, but learning to speak English will help you communicate with others, and lead to better test scores on TOEFL, TOEIC, IELTS, Cambridge and other exams. To know how to speak English, you need to have a plan. This guide on how to speak English provides an outline that you can follow to learn how to speak English. If you already speak English, this guide will help you improve your knowledge of speaking English faster. Average from six months to three years When you learn English, you first need to find out what type of English student you are. Ask yourself, for example, why do I want to speak English? Do I need to speak English for my work? Do I want to speak English for travel and hobbies, or do I mean something more serious? Here is an excellent worksheet What type of English student? help you find out. Once you know what type of English student you are, you can start to better understand your goals. Once you know your goals, you will better understand what you need to do to speak English well. This is a similar understanding of what type of student you are. Write down a list of things you would like to do with your English. Would you like to speak fluent English in two years? Would you like to have enough English to travel and order food in the restaurant? Understanding exactly what you want to do with English will help you learn to speak English because you will work on your goals. Before you start learning English, you will need to know where to start. Taking an A-level test can help you understand what level you are at and then you can start using resources suitable for your level to learn how to speak English well. Of course, you will learn not only English, but also how to read, write and use English in different settings. These quizzes will help you find your level. Start with the initial level test and then move on. Stop when you get less than 60% and start at this level. Start TestIntermediate TestAdvanced Test Now that you understand your English learning goals, style and level it's time to decide on your English teaching strategy. The simple answer to the question of how to speak English is that you need to speak as often as possible. Of course, it's harder. Start by deciding what type of learning strategy you'll have. You want to study alone? You want to go to class? How much time do you have to spend studying English? How much are you willing to pay to learn to speak English? Answer these questions and you will understand your strategy. If you want to know how to speak English, you will also need to know how to use English grammar. Here are my five best tips on how to speak English with good grammar. Learn grammar from context. Do exercises that times and from a short reading or listening to the selection. When you learn English, you need to use muscles. Read the grammar exercises aloud to help you learn how to use the right grammar while speaking. Don't do too much grammar! Understanding grammar doesn't mean you're talking. Balance grammar with other English learning tasks. Every day, take ten minutes of grammar. It is better to do just a little bit every day than a lot once a week. Use self-study resources on this page. There are plenty of grammatical resources that you can use here on the web to help you improve. If you want to know how to speak English, you will need to have a plan for speaking English every day. Here are my top five tips to make sure you speak - not just study - English every day. Do all the exercises using your voice. Grammatical exercises, reading exercises, everything should be read aloud. Talk to yourself. Don't worry about being heard. Speak aloud in English to yourself often. Choose a topic every day and talk for one minute about this topic. Use online exercises and speak English using Skype or other programs. Here are a few practice English speaking sheets that you can get started on. Make a lot of mistakes! Do not worry about mistakes, do many and make them often. To make sure you know how to speak English on a wide range of topics, you will need a lot of vocabulary. Here are some suggestions and resources that you can get started. Create a vocabulary of trees. Vocabulary trees and other fun exercises can help you group your vocabulary together for faster learning. Follow the new vocabulary you learned in your folder. Use visual dictionaries to help you learn more vocabulary faster. Choose whether you want to learn vocabulary about topics you like. There's no need to study vocabulary that you don't care about. Study a little vocabulary every day. Try to learn just two or three new words/expressions every day. If you want to learn English, you don't have to worry too much about reading and writing. Nevertheless, it is good to learn to read and write in English, as well as to learn to speak English. Don't forget to use your own reading skills in your native language. You don't have to understand every word. Practice writing short texts on blogs or for comments on popular English learning websites. People expect bugs on this site and you will feel very welcome. Read for pleasure in English. Choose the item you like and read about it. As you type, do not transfer directly from your own language. Make it simple. Learning English also means learning to speak English. Learn about English music and how it can help with English pronunciations. Learn about typical pronunciation errors made by people who speak your native language. Consider using a pronunciation program to help you learn better pronunciation through practice. Get a dictionary that has good phonetic to help you understand the sounds of English. Use your mouth! Kiss! every day, the more you exercise, the better your pronunciation will be. Using English as often as possible is the key to learning how to speak English well. Join English learning communities online and practice speaking English with others using video chat software. Join local clubs that focus on speaking English, talking to tourists and giving them a helping hand. If you have friends learning to speak English, reserve 30 minutes each day to speak English together. Be creative and create as many opportunities as possible to speak English. Be patient with yourself. It takes a while to learn to speak English well. Do not forget to take your time and treat well. Do everything every day, but only ten to fifteen minutes more boring tasks. If you want to improve listening skills, just listen to the radio for fifteen minutes, rather than an hour. Within ten minutes of grammar exercises. Never do much English. It is better to do just a little every day, rather than a lot just twice a week. Make mistakes, make more mistakes and continue to make mistakes. The only way you will learn is by making mistakes, feel free to make them and make them often. Learn to speak English about the things you like to do. If you enjoy talking about the topic, it will be much easier for you to learn how to speak English well in less time.
